

TO THE POINTE

A monthly newsletter for a community of condos where people of diverse backgrounds and ages live in close proximity to one another and share common elements with their neighbors.

NEIGHBOR NEWS

Happy birthday Pat McDonald!

Happy 7th birthday to Deacon Booth!

FALIZ CUPLIANOS DELLIA
OLIVER... OCHENTA ANOS...
Eso es la verdad ?????

Elnore Lacy has decided to move closer to her kids. We wish you the best family reunion ever!

Kevin and Debbie Diamond are moving to a larger house but staying in LO! Their daughter is 15 years old and just needs more space. Kevin, thanks for your service on the board and for introducing all of us to Merlot! Best of luck!

Anne Meisen had a full knee replacement on March 1st. We wish you a very speedy recovery friend.

HP stays warm!

We have not scheduled the next board meeting due to coronavirus precautions.

“OWWW, IT HURTS SO GOOD!”

Talk about good neighbors, both June Upchurch and Keaton Hoy have been working, very hard, trying to get our less tech savvy neighbors Covid 19 vaccine appointments. Both women are willing to do the research and take the time to help you get signed up. I can't imagine where you might get that sort of help any place other than right here at Oswego Pointe Village.

JUNE: 206-470-9492

KEATON: 503-941-8337

(Keaton has just graduated from college and decided to use this period to help her neighbors with their COVID-19 Vaccines. Congratulations Keaton! Your Grandmother Patti O. must be very proud.)

Please remember, even after you receive your shots, you must wear a mask, social distance, wash your hands and keep your socializing small and outside when possible.

Thanks.

WHAT AN INCREDIBLE GROUP YOU ALL ARE!

I cannot tell you how proud I am of sooooo many of you, our neighbors and how you reacted during the ice, snow, and power outages these past few weeks.

I saw so many of you checking on each other, offering your time, creativity, fireplaces, warm coffee, snow clearing and commiserating humor to so many of our neighbors.

People just could not help enough during this challenging time.

I hate to point out individuals who did special things for us because I will unwittingly leave someone out...but here goes:

June Upchurch, she was a one-woman tech support center. She had chargers, lights, and lanterns for everyone!

Teri Jane, went to Starbucks and brought back snacks and hot coffee, which was then taken door to door while it lasted! People were thrilled with even lukewarm morning coffee!

Cathi Lutz, brought back hot meals to her neighbors. Pat Chase, Mike Hopkins, David Elliot, Dilip Mehta and Patricia McIlveen, cleaned sidewalks and stairs for neighbors.

MB boiled hot water on her BBQ for folks to use.

Will Rooker brought presto logs and hot food to neighbors and oversaw Marge's evacuation!!!!

Sandy Marentette kept a fire going 24/7 for folks to sit by and warm up.

Judy Rossner purchased extra Snow Melt for all of us to use.

But the real star of the show was Pam Meyers! She continually brought firewood, food, and water to her close neighbors. She also cleared most of the main pathway and a number of neighbors' stairs. Pam was a one person "go getter!!!" (She stated that it was just her Michigan upbringing that got her up and going!)

I know that even more of you helped your neighbors and checked on folks on a daily basis.

It was really wonderful to see how so many of our neighbors took care of as many other neighbors as they could. Like I say so often, We are lucky to live here.

(I'm happy to report that every snow shovel was returned to the back patio. Thanks!!!)

MBC

*Patricia, Pam and Dilip help with the walkways.
Thanks!*

Two snow bunnies! (Ok... two gray hares!!!!)

My little vulture! Teri Jane created an entire indoor gym for her cats. They LOVE it.

Tailor Upchurch in her Mom's cashmere hoody & raincoat... that dog's got class!

Payton Rooker is a fashion icon!

Duck under glass?????

OH NO, NOT THAT AGAIN?

Yes, you are correct...the roofers are starting on the last five roofs and all of the garages.

The weather is not being cooperative, so they are moving one step forward and one step back. Please be patient.

They usually work M - F from 7:00 AM to 5:00 PM. With this weather it is hit and miss. They start at 8:00 and quit at 3ish because of darkness, rain and cold.

They may even work Saturdays, just to get this done.

Please remember that they are not only putting on new shingles. They have to remove all of our old sheathing (plywood) and replace it before the new felting and shingles go on. (the venting that we did in 2019 will keep this from having to happen again.

The decision was made to start roofing early in the year so that the summer will be "roofing free!"

A lot of loudness now will help create a quiet summer for all of us!
